THIS SOCIETY will receive proposals for Life Assurance, through the undersigned, as its Agent for this City, on terms highly favorable to applicants.
Prospectuses may be had on application, together with blank forms of proposal, and such other information as parties may desire.
The following are among the advantages offered by this Institution:—
The Guarantee of a large capital securely invested.
The peculiar Benefits secured by the principle of the Loan Department.
The payment of Premiums Half-Yearly or Quarterly, by parties assured for the whole term of Life.
Thirty Days are allowed after each payment of Premium becomes due, without forfeiture of Policy.
Part of the Capital is permanently and securely invested in the United States.
Wives may insure the lives of their husbands for their own and the benefit of their children.
The assent of the Society is not necessary to a transfer of the Policy.
For all practical purposes, this Agency is essentially an American Company, strengthed by a large bona fide Capital safely invested in London; equally available to American as to British policy holders. All losses are settled by the New York Board, and paid by Bills drawn on the London Office. Thus the Guarantee Fund in New York remains untouched, so that in case any disputes should arise between the society and policy holders, funds are on the spot, subject to the control of our Courts.
Medical Examiners fees are paid by the Society.

THIS Company offers unrivalled facilities for the insurance of Buildings and Personal Property against fire. The advantages offered, are security beyond the reach of circumstances, as the real estate insured is by law bound for the assessment made to cover losses beyond the power of excision. Every person insured is a member of the Company, and entitled to one vote. The cost of insurance does not exceed one-third as much as in Stock Companies, saying nothing of the increased security and the incomparable ease with which losses are settled. During the last five years, this Company have issued 2600 Policies, and made but three assessments at a cost to the property insured, not exceeding two mills on the dollar. Its business is principally confined to this State.

E. BUTTERFIELD
(Late Butterfield & Averell's,)

WOULD call the attention of the Public, (and his old Friends and Customers in particular,) to his large and extensive stock of
Wines, Liquors & Cigars,
Purchased by himself in the City of New York within the last month, FOR CASH, at prices from 25 to 33 per cent less than formerly paid through partners and I can assure my customers that the Liquors that I now offer, have not passed through several hands; on the contrary, I saw all my goods sealed for shipping, and turned out of the CUSTOM HOUSE; therefore, I can say with confidence, that my Liquors are PURE.
I have marked my Goods very low, and have therefore adopted the
ONE PRICE SYSTEM,
and no deviation from the price first asked; giving those who are not judges of the article, an equal chance with those that are. Every cask will be marked with the price.
My arrangements are now completed for the importation of my Fall Stock, when I shall be able to fill orders in New York on still more favorable terms than formerly.
Having been three years in business in this city, I flatter myself that my selections will meet the wants of this market. My assortment of CHOICE SEGARS are complete, and my stock of LIQUORS comprises over 1000 original Cases of the most approved brands of
Brandy, Gin, Rum, Wines, &c.
The following may be found among my stock;—

IMPORTANT TO THE PUBLIC!
THE following advertisement was published in May, 1849, in the "Boston Daily Times," and various other newspapers in the United States, by James G. Wilson, Esq., the owner of the "Woodworth Patent," shortly after I had advertised my "PATENT STATIONARY CUTTER, PLANING, TONGUEING AND GROOVING MACHINE," throughout the United States:

"PLANING MACHINES.
"I take this method of answering the frequent inquiries, by letter and otherwise, as to my opinion upon the various notices through the papers, of the stationary Knife Planing Machines attempted to be palmed off upon several persons ignorant of their true worth. I would state for the information of the enquirers that they will find substantially the machine now offered by several pretending inventors, described in the 16th volume of the Repertory of Arts, invented by Samuel Bentham, in the year 1791. A like machine was patented in this country by one Kugler, some seven years since, and another one put up by Albert Richards, of West Troy, N. Y., and abandoned about the same time. It ought to satisfy the public to know that after fifty of ten years experimenting upon those machines, not one in use is of any value for the purpose contemplated.
I will furnish a Stationary Knife Machine equal to any now in use, or to any offered by the pretending inventors, at the cost of the machine and five per cent for my trouble.
JAMES G. WILSON,
May 19, 1849. Philadelphia."

I deny that any person ever saw or heard of such a machine as mine until I invented the same. Said machine was operated in the month of August, 1848, and no machine before this could do so much work, and do it as well as mine. In reply to the above advertisement, and in order that the public may be assured that I mean what I say, I will offer to pledge ONE THOUSAND DOLLARS against an equal amount from said Wilson, that ONE of my machines will plane, or plane, tongue and groove with less power, more lumber in the same time, and do it as well, or better than TWO of the "Woodworth" machines. The trial to be made at any Steam Mill, Border St., East Boston, Mass., or at such other place as may be convenient for such a trial.

VOLUME VII. MILWAUKEE DAILY SENTINEL. NEW SERIES.

Circumstantial Evidences.

BY MRS. [illegible]

One Saturday afternoon, some years since, about the bar-room of the only public house in the little village of S——, on Lake Erie, were gathered a number of gossiping idlers, sea-faring men, and farmers. Although early in the afternoon, the heavy clouds of an approaching storm so darkened the place, that candles were lit, and in their cheerful light the motley crowd listened to the beating of the waves upon the beach, and the distant peals of thunder that announced the coming strife. [illegible] of those storms that occur when a [illegible] on Erie's inland sea, [illegible] with its impressive [illegible] drank from their poisoned [illegible], and the village politicians [illegible] the presidential election. One [illegible] more uneasy than the rest, [illegible] prepossessing appearance, [illegible] had drained a powder horn [illegible] he had but a few minutes [illegible] paced to and fro [illegible] the window [illegible] sky and cloudy [illegible] of a [illegible] when he would be able to [illegible]-to-night?"

"To-night? No, sir!" he responded to one of the [illegible] nor to-morrow—nor next day, [illegible]. That ere storm looks as if it was going to [illegible] I'd a done [illegible] many flirtin' ones and [illegible] been to [illegible] out in such [illegible], as the sayin' is. [illegible] hurry, comrade?"

"[illegible] ill brought me ill news [illegible], and I will double your [illegible] if you will run me down to C——[illegible]."

"[illegible] I wouldn't undertake it for four times [illegible]."

[illegible] the young man returned [illegible], and, sitting down, thrust [illegible] pockets, with the dogged air of [illegible] up his mind to be content with a [illegible].

M—— W—— [illegible] S—— but a few weeks, [illegible] had impressed its inhabitants [illegible], and, as all [illegible] and disposition. The [illegible] him to this place was [illegible] the intelligence he had received [illegible] of a very pressing nature [illegible] naturally so timid anxious to leave a [illegible] the hardiest sailor to [illegible]. He had been sitting with a [illegible] but a short time, when the clatter of horses' feet were heard in the street, and a man, pale and trembling, stood within the doorway. His first discordant utterance was the word "Murder!" No expression of pain or terror [illegible] the most deathly chill to the heart as that one word of terrible import, and, paralyzed [illegible], the gathered crowd inquired [illegible] the breathless messenger of evil.— [illegible] what seemed to choke his [illegible], the sheriff of the county hastily entered and [illegible] M—— W——.

"[illegible]" faltered the young man.

"The murder of Millie Woods," was the stern reply.

[illegible] to swell the horrible sensation that had stolen up on the crowd. Millie Woods, a [illegible] twelve years of age, was the only child of respectable parents living within a mile of S——, and in her sprightly loveliness had won the affection of all the villagers. The circumstances attending her death were as follows:

The parents, as was frequently their custom, left [illegible] the charge of Millie, and had been [illegible] part of the day, making purchases and [illegible] the village. Hurrying home before the [illegible] storm, the agonizing parents found their [illegible] robbed, and their only child brutally murdered. The news spread rapidly, and soon the [illegible] neighbors were looking carefully [illegible] the violence had left in the [illegible] frame one, stood [illegible] on the wall. The front door was [illegible], all the inner doors unlocked or broken, every drawer, chest, press or cupboard forced, [illegible] contents scattered over the floor. In the [illegible] the poor little creature had [illegible], Millie was found covered with [illegible] flowed from a stab in her side, her little [illegible] bed post, while around [illegible] a white handkerchief was slightly knotted.

[illegible] one of the neighbors [illegible] with one fore paw gone and [illegible] by a rifle ball. A young man who [illegible] in a neighboring grove [illegible] it as one W—— had [illegible] was by, and picking it up, [illegible] the excellent shot he had [illegible] him in the direction of [illegible] squirrel in his hand. The [illegible] from Millie's neck had the [illegible]. True, these were the [illegible], but her mother positively [illegible] no such article. Satisfied [illegible] the officer at once [illegible]. From the time the murder was [illegible] of W——'s arrest was just two [illegible].

[illegible] was hurried to the nearest magistrate [illegible] I have detailed, given before [illegible] this, spots of fresh blood [illegible], and as Woods had [illegible] gold and silver coin, of a peculiar [illegible] two or three of the pieces were [illegible] unfortunate man's person. This [illegible] and the crowd grew furious, [illegible] kind and loving, all remembered [illegible], and she to be butchered [illegible] too slow and mild for [illegible] crowd, now swelled to [illegible] and to shouting angrily for [illegible].

A [illegible] from prison, hastened forward [illegible], threw it over a post, while some of [illegible] to this innate suggestion, hurried the [illegible] prisoner toward the impro[illegible].

"[illegible] gentlemen!" screamed the young man, [illegible] at what appeared his inevitable fate.—"H[illegible] upon me—I am innocent—indeed I am—[illegible]!"

His voice was drowned in a roar from the crowd, "Which had mercy on little Millie? kill him, kill him!" and [illegible] pushed him toward the fatal post.

"O, God!" cried the unhappy man in bitter anguish, [illegible] like a child. "[illegible] will no one [illegible]? I have a widowed mother—mercy, mercy—[illegible] little while—only a little while!"

[illegible] answered this last appeal. A young lawyer, of eminent ability, and personally [illegible] forward, severed the rope, and [illegible] voice that rang out high above [illegible], said:

"[illegible], be careful of your acts. You are about [illegible] what in this man you condemn—an awful [illegible]. Chain him down, do what you will to secure the criminal, but respect the law—" "[illegible] Squire B—— a chance to clear him," [illegible] the convict I have mentioned.

"To [illegible] from the rails, I have nothing [illegible]. But to you, my companions, neighbors, [illegible] I [illegible] appeal. Why will you [illegible] thing? What right have you to [illegible]? How will you answer to the [illegible] for this? Where is your [illegible]?"

"[illegible] sheddeth man's blood, by man shall his blood be shed!" responded a harsh, solemn voice, and the crowd turning saw, where a torch waved [illegible] unfeeling face, the countenance of the [illegible] was a time when the gathered [illegible] by some great obstacle, pauses [illegible] moment there seems a doubt [illegible] the tide will flow. The awful [illegible] suddenly upraised, fell on the crowd at [illegible] word would have [illegible] their purpose, and, stimulated [illegible] a command from heaven, [illegible] their trembling captive, when the old captain, whom W—— had importuned [illegible] passage, claimed to be heard:

"[illegible]," said he, "Squire B—— thinks we hadn't [illegible] to hang this fellow. Well, I'll tell you what we'll do. He wanted to sail with me this [illegible]. He [illegible] do so. We'll take him outside [illegible] in an open boat and set him [illegible]. Then the Lord have mercy on him. What say you?"

A [illegible] approbation was the response, and they [illegible] W—— to the shore. In the meanwhile [illegible] had, and, when in the dark night, [illegible] out by the wind and rain, [illegible] heard the angry waves dashing [illegible] courage failed; seven only [illegible] for the enterprise. Clambering [illegible] with their victim in their midst, [illegible] and the little bark, like a [illegible], flew out to sea.

[illegible] scene ever printed itself on the canvas of [illegible] so startling, weird and strange as [illegible] W[illegible] stout-hearted skipper steered the bark, the [illegible], assisted by four of his companions, [illegible] W—— to the open boat, and the preacher [illegible] the deck, was heard below [illegible] the thunder, far above waves and wind, calling upon Heaven to bless their unholy [illegible].

The [illegible] gained and the wretched [illegible] his entreaties and screams, was [illegible] waters. In a glare of lightning [illegible] by a deafening peal of [illegible] victim rise upon a huge [illegible] to darkness and death below.

[illegible] the excursionists to dwell upon [illegible]. Their lives were in jeopardy. [illegible] has seldom been equaled, [illegible] worked save the skipper [illegible]. Desperate efforts were [illegible] the bay, but the entrance was narrow [illegible] commands grossly misunderstood [illegible] promptly executed, so that the bark [illegible] of rocks and quickly went to pieces. Two only of this strange crew were saved—the clergyman and the convict together reached the shore.

Some three years after these strange events, the Rev. M. H—— was awakened one night by a request to come immediately, and administer religious consolation to a prisoner, who in attempting to escape from jail, had been mortally hurt.— The Rev. gentleman, folding his cloak about him, and accompanied by the jailor, threaded their way thro' wintry streets toward the prison. The demand for a clergyman, and Mr. H—— in particular by the convict, the jailor informed his companion, while on their route, astonished him greatly. The prisoner was one of the most hardened offenders, that it had ever been his fate to meet with. Twice in the state prison, and now sentenced for a third time, he had attempted to escape by filing off his irons, forcing a lock, and climbing to the roof of the jail, intending to lower himself by means of bed clothes into the street. But the roof being all ice, he lost his footing and was thrown thirty feet on to the frozen ground.

The Reverend gentleman paid little attention to the talkative official, as they passed along. He was meditating upon the [illegible] that lined the way of the transgressor, but he coldly meditated. Troubles of such men fell [illegible] him as lightly as did the cold of the December night, his well protected person, and he looked upon their trials as quietly as he did the patches of gleaming snow they passed, or the sunbeams that struggled thro' the wintry mist.

They found the prisoner writhing in pain upon his bed, in the gloomy cell lit by a single candle, and alone, for the surgeon had pronounced his case hopeless.

"You've come at last," he growled, as the clergyman approaching the bed, drew from beneath his cloak a Bible, and began the duties pertaining to his sacred mission. "You've come at last. I thought I'd go out [illegible]."

"The Lord spares you for repentance let us lose no time."

"No he don't. I'm bound to go down—down—down. Don't be fooling—I didn't send for you for that."

"The sands of life are running fast. In a few moments you will be in the presence of your Judge, and repentance too late!"

"It's a space too late now—"

"Think of your past life—think of the eternal punishment awarded by an offended Maker—"

The answer to this, was an impatient roar of oaths, that made even the jailor's blood chill.

"I will not remain," said Mr. B——, sternly, "and hear this awful blasphemy. I warn you now, Beware!"

"Well, listen then —stop your cursed palaver—Don't you know me?" The clergyman held the candle to the convict's face, and started with astonishment.

"Oh! you know, do you? You will listen now. You remember the night we tossed that W—— over board—how he howled and prayed. Oh, oh! look to yourself!"

"I did my duty as a minister!"

"Ah, ha! you did, did you! You did your duty in drowning a poor devil for a murder he never committed? Do you hear that? for a murder—a murder he never did!"

A tremor like an ague, ran through the preacher's frame, and then he stood as one dismayed to dumbness.

"He never did the thing. I murdered Millie Woods! I chased her to the garret, and killed her. I was there robbing the house, when W—— came. I heard him speak kindly to the child, give her the squirrel, and then leave. A minute after she was a dead baby, and W—— had the blame."

"Lord have mercy on me!" groaned the divine.

"How I laughed to see you run that poor W—— down, when I slipped the gold in his pocket. How he prayed and begged, poor devil, for mercy!"

The preacher wrung his hands in agony, and still groaned, Lord have mercy on me!

"Yes, yes! it's our time now! I won't beg—I won't! I'll die game: but you can howl—he said he had a mother, a widowed mother—we all went under—but you and I, parson, came up together, now we go down!"

The divine twisted his gaunt fingers, and moaned as one afflicted in his deep.

"See! see!" shouted the convict, half rising with the delirium, that ushered in death—"there he rides—there he rides, howling—don't hurt me, O! please don't—there, I choke him—hear him now, hear him—a widowed mother! We strike! we're going down—down!" he cried, and throwing his muscular arm round the preacher and pulling him to the pillow—"down, down we go, down!"—but his hold relaxed; the voice ceased: a shudder ran through his iron frame, and the wretched criminal was no more.

* * *

In time the village of S—— grew to a city.— Many of its old citizens had emigrated or were dead, and among the remaining, the events I have narrated had faded into an almost uncertain legend, when, one sunny afternoon, an elderly gentleman of staid, respectable appearance, accompanied by his wife and children, made his way from the evening steamer to one of the principal hotels. After securing rooms, he walked into the streets. He earnestly scanned the signs as he passed. He stopped before one that read "Attorney at Law," he paused, and then, with a start as if the determination had a spice of the desperate in it, he ascended the stairs and entered the office. An elderly man was seated at a table surrounded by books and papers. Inviting the new comer to be seated; he peered at him, tho' his spectacles, and enquired his business.

"Mr. B——, you do not remember me?"

"I cannot say that I do," answered the Attorney, slowly, as if in doubt.

"Do you not remember pleading in behalf of a poor fellow about being lynched for a murder, some thirty years ago?"

"Mr. M—— W——!" exclaimed the lawyer, joyfully. "Can it be possible? I never forget a face, and yours I saw in a frame work that night that ought to impress it upon my memory forever. But I thought you dead years ago. Sit down —sit down, and tell me all."

"After I was thrown from the vessel that night," said W——, seating himself, "I was so frightened that for some time I had no consciousness of what occurred. On becoming more collected, I found my little boat half filled with water, riding the short heavy waves and every second I expected to go under, or be capsized, and so drown. This not occurring, I began to look about me. I found the cord by which I was tied, passed over my shoulder. I managed to get it in my mouth, and soon gnawed it apart. This loosened my hands, so that in a few minutes I freed myself and sat up. With an old cup that I found in the boat I baled out the water, and then breaking up one of the seats, I managed the little affair so as to ship no more of the waves, and in this way rode out the storm and the night.

"By morning the wind had somewhat subsided, but so exhausted was I by fear and fatigue, that I was forced to lie down, and was soon sound asleep. When I awakened the sun was setting, and far as I could see on every side, was a dreary waste of waters. Strange as it may sound, I was greatly relieved. I feared nothing so much as falling again into the hands of that terrible mob.

"The full moon came out, making the scene as light almost as day, and a gentle breeze springing up, I took my coat, fastened it on the broken seat, and with this for a sail, drifted, as near as I could make out by the stars, in a north-easterly direction. I knew, sooner or later, I must strike the Canada shore, but how far I had been carried in the storm, I could not, of course, determine.— Through that long night I floated on. I saw the moon go down and the stars fade into the cold gray light of morning, and then the sun came up with the blear, calm day, but no land was to be seen—nothing but glittering water. I imagined at one time seeing in the dim distance a sail, but if one, it immediately disappeared. About noon I noticed something floating near me, and on paddling my boat alongside, found it a bale of goods, carefully corded together. I fastened it, almost without motive, to my boat, and again lying down was soon asleep. I was awakened by a shout, and starting up, found I was running in close to a wooded shore, and a number of men staring in wonder at my appearance. In answer to my request, one of them waded in and pulled my boat to the land. I learned, to my great relief, that I had reached the Canada side, within a few miles of ——. It was supposed that I had been shipwrecked, to which my bale of goods at once gave coloring, and secured for me a kind reception.— On opening my bale, the next day, I found it filled with costly silks and velvets, and so admirably packed the water had not damaged them. This had probably been lost from some wreck in the late storm, and noting the address with intention of repayment some day, I sold the contents, and with the proceeds made my way to New York, where I, after my mother's death, joined an expedition fitting out for ——, in South America. In this new home I married, and engaged in merchandise. There I lived until I learned, a few months since, my innocence of that cruel deed had been made known by the confession of the real criminal."

"I knew you were guiltless, at the time of the murder," said the lawyer, when W. had finished recounting his strange escape. "The circumstances were too evident against you. I have succeeded in my profession, by some little knowledge of human nature, and it has taught me to be very suspicious of what is known as circumstantial evidence. It is a maxim much relied on in law, that circumstantial evidence is the very strongest evidence. So it is if read correctly; but what convinces a common mind of one thing, leads a more acute one to an opposite conclusion. The criminal would leave no trace, would not deepen his own tracks, or write his own name in blood for justice to hunt along; but he will, if it can be done, write characters that all who run may read to the abuse of others. Therefore, the stronger the circumstances appear to an ordinary mind, the more evident the innocence of the accused to a reasoning one. Above all, when a man has lived through half a century a good husband—affectionate father, and blameless citizen—no discovery of a mutilated body, steps in blood, or death-painted knife, should set aside the circumstances in his favor, that make the committal of a great crime seem miraculous." The lawyer ceased abruptly, and catching W. by the arm, pointed to the open window. He looked and saw a tall, gaunt figure with sunken eyes, pale cheeks, and long grey hair, in the gloom of the evening, muttering as he passed along, as if the mind was not in the present, and ill at ease. "That," he said, "is Mr. H.— Since the night of the criminal's confession, his intellect, never very strong, is a perfect wreck.— Every evening he hastens to the lake, and looks anxiously over its waters. If stormy, no entreaties can induce him to seek a shelter, but hour after hour he paces along the shore, as if every moment he expected some revelation from its troubled waters."

"Ah!" added the lawyer with a sigh, "he is not the only one in our broad land, who has suffered from misunderstanding of that awful text— '*Whoso sheddeth Man's blood by man shall his blood be shed!*'"—*Home Journal.*

OFFICIAL PAPER OF THE CITY.

BANKS FOR WISCONSIN!

The submission to the People, at the recent election, of the question of "Bank or no Bank," has, as was generally anticipated, resulted in a very large majority in favor of the establishment of Banking Institutions in this State. This signal triumph closes a well-fought and long doubtful contest, protracted through several years, and partaking, to a considerable extent, of the characteristics which mark our political campaigns. In the first Constitutional Convention of this State the Democracy held uncontrolled and almost unresisted sway. The Whig minority was too feeble to offer any effectual opposition to even the most ultra and impracticable theories of the majority. The Constitution, as framed by that Convention and submitted to the People, contained an *absolute prohibition* against all Banks or Banking Institutions in this State, and made it a penal offence to circulate within this State Bank paper of other States under the denomination of Twenty Dollars. This idle and impracticable restriction, coupled with other objectionable features, damned the instrument in the eyes and estimation of the People, and it was *vetoed* at the Polls by near *six thousand majority.*

In the second Convention, which met at Madison in the winter of '47-'48, the Whigs mustered just *one-third* of the whole number; enough, with the aid of the more sensible and conservative portion of the democratic majority, to prevent the incorporation of any extreme, or obnoxious features into the Constitution, but not enough to secure for the Legislature authority to enact a sound Banking system. Every attempt to grant such power to the Legislature, was defeated by the majority of the Convention, and after an arduous and unsuccessful struggle, the friends of Banks were compelled to accept, as a compromise, the article in our present Constitution, providing for the submission of the Bank question DIRECTLY to the People, and, in the event of an affirmative vote, authorizing the Legislature to pass a Banking Law, which should also undergo the popular ordeal, before taking effect.

In accordance with this provision, the friends of Banks endeavored, at the Session of '49-'50, to get an act passed, submitting the question at the ensuing State Election. The dominant party, however, who at their State Convention in February previous, had unanimously resolved, "that they were opposed to all Banks and Banking Institutions," REJECTED the bill, and refused to take the sense of the People on the question. Nothing disheartened by this defeat, and confident of ultimate triumph, the friends of Banks renewed their efforts at the last Session, and finally succeeded in getting an act passed to submit the question to the People at the State election of this year. Even then, however, the party managers, by a characteristic trick, attempted to take a snap judgment. Instead of providing for, as the Constitution contemplated, a SEPARATE vote on the Bank question, our democratic legislators ordered that all votes, for or against Banks, should be ON THE GENERAL TICKET. These cunning schemers hoped, by this means, to carry "regular nominations," and "no Banks," by the mere force of party discipline. They were warned, indeed, at the time, that instead of defeating Banks, BANKS WOULD DEFEAT THEM; but "the handwriting on the wall," though plain enough to others, was invisible to them. They disregarded the warning, and lo! the result. THE PEOPLE have sustained Banks, and defeated their opponents, by one of the most decisive majorities on record.

The preliminary question settled, the inquiry now fairly comes up, what kind of Banks should we have in Wisconsin? This will be a prominent subject for the consideration of the Legislature. Fears are entertained, by one class of our citizens, that the Legislature will pass so stringent a law, as to be inoperative and useless, and by another class, that it will be so loose and unguarded as to flood the State with the issues of irresponsible Institutions. We do not share in these apprehensions. While we believe that the great mass of the People of this State are in favor of Banks, even to a greater extent than their vote could indicate, we also believe that they are UTTERLY OPPOSED to any system that does not afford AMPLE PROTECTION TO THE BILL-HOLDER. We regard this as the *sine qua non*, the *indispensable* feature in a sound Banking system; and we do not doubt that the members elect to the Legislature, entertain and will act upon the like opinion. We believe, therefore, that under ANY law which they may pass on the subject, the interests of the public will be amply protected, and at the same time, sufficient inducements will be held out to monied men, at home and abroad, to employ their capital under its provisions. Such a law would be sure to receive the popular sanction, while one which should be defective in these vital points, would as surely incur the popular condemnation. The New York General Banking Law offers an excellent model to our Wisconsin Legislators, and we shall take some early occasion to commend its general features to their attentive consideration.

ALL PARTIES PLEASED!—It is seldom that the result of a contest is so universally satisfactory as that of this fall seems to have been. The Whigs and Free Soilers are pleased, of course, at the signal triumph which has crowned their efforts. So too, are those patriotic Democrats who preferred the interests of the State to those of the party.— And not less happy and contented, it would appear, are our friends, the "regular" democracy.— The Madison *Democrat*, which is the official organ of the State and Party, after briefly announcing that "the opposition (Whigs and Freesoilers,) have the Assembly, the Governor, and the State Superintendent," coolly adds:

> It would be hard for us to say that *we regret the result under the circumstances.* The people have voted in favor of Banks, and we are glad that the whigs have the power and the responsibility of presenting the system; they are the special patrons of banking, and let them have *the honor and the glory of perfecting the system for Wisconsin.*— We do not want it for the democratic party; *the party has already suffered enough in the west on that score.*

The Whigs will not shrink from the responsibility thus devolved upon them, and only ask to be judged by their *works.*

☞ The *Commercial* says that if Upham had been elected, it would have "indulged in the exhilaration and insolence of success."—*Free Democrat.*

In spite of the *Free Democrat's* proverbial accuracy and honesty, we beg leave to aver that we never said any such thing. Booth should read the *Commercial* instead of the *Sentinel*, if he wishes reliable authority on what we say.—*Commercial* of yesterday.

The *Commercial* grows "oblivious." The result of the election has damaged its wits and destroyed its memory. Here is what it said on Saturday last:

> ☞ The *Sentinel*, for which we do not blame it, seems disposed to indulge in the exhilaration and insolence of success. We can merely say that if the tables were turned, and in a different event, *we should probably be disposed to do likewise.*

COOL, DECIDEDLY.—The *Commercial* of yesterday, helps itself to our table of majorities, reported or returned, in the different counties of the state, alters a figure or two, ciphers out Mr. FARWELL fifteen hundred and odd ahead, and then coolly remarks:

> Our figuring varies considerably from the *Wisconsin, Free Democrat* or *Sentinel*, but we think it is not far from correct.

THE RESULT IN OUR STATE.

The further details received yesterday, enable us to make two or three alterations in our table of returns. Winnebago Co. so far gives Farwell 409 majority, with a prospect of more; Grant, 10 towns, give Upham 199 majority, and Richland is 45 for Upham.

Making these alterations, the figures stand:

Farwell, 4046 Upham, 2330

Farwell's majority, 1716.

ASSEMBLY.—Brown elects 1 Loco member; and from Grant we have returns as yet of but 1 Whig. We think we can fairly look for 35 or 36 Whig members.

In Dodge Co. there is said to be a tie in one of the districts reported Whig. We have 30 members sure.

P.S. Returns from 1 more towns in Grant Co, make a difference of 28 in Farwell's favor.

GRANT COUNTY.

We find in the Potosi *Republican* and Platteville *American*, returns from 10 towns of Grant Co.— They foot up the following majorities:

Governor: —Farwell 522, Upham 721—Upham ahead 199.

Senator:—Briggs, *whig*, 557, Squires, L. 890— Squires ahead 333.

State Supt.:—Lord, *Ind.*, 579, Ladd, L., 836— Ladd ahead 257.

Banks 236, No Banks 1055.

Messrs. Barber, *Whig*, and Clemons, and McKee, *dem.*, are elected to the Assembly. No returns from the 4th district. Patchgrove and Cassville reported about even on Governor. Waterloo gives Squires 21 majority, included above: no returns of the rest of the ticket.

Fennimore, Wingville, Paris and Jamestown, yet to hear from.

Washington Co. Election.

The Washington Co *Blade* has returns from but two towns in addition to those which we gave last Friday, viz: in Belgium, which gave Upham only 90 majority, and Richfield, which gives him 133 maj. Its figures give Upham 864 maj. in 11 towns. Wayne deducts 53 for Farwell from this amount, making Upham's majority 811 in these towns. Nine towns yet to hear from, among which are several which are understood to give Farwell fair majorities. The *Blade* says that Upham cannot have over 1000 majority.

Winnebago County.

The Oshkosh *Democrat* gives the following majorities in 10 towns of Winnebago County. It is worth noting that in every one of the ten, Farwell, whig, for Governor, and Blodgett, whig, for Assembly, have good majorities. In seven, Pinckney, whig, for Senator, has majorities:

Winnebago.—Bank 374, Farwell 12, Weed 15, Blodgett 132, and Edwards 121 majority.

Nekimi.—Bank 47, Farwell 21, Pinckney 5, Blodgett 19, and Edwards 14 majority.

Algoma.—Bank —, Farwell 17, Pinckney 21, Blodgett 32, and Edwards 16 majority.

Vinland.—Bank —, Farwell 9, Weed 21, Blodgett 4 majority, and Edwards and McAllister tie.

Neenah.—Bank 166, Farwell 119, Pinckney 60, Blodgett 107, and McAllister 84 majority.

Menasha.—Bank 155, Farwell 51, Blodgett 32, Weed 15, and Edwards 15 majority.

Bloomingdale.—Bank 120, Farwell 106, Pinckney 96, Blodgett 82, and McAllister 117 majority.

Rushford.—Bank 71, Farwell 29, Pinckney 34, Blodgett 37, and McAllister 36 majority.

Nepeuskin.—Bank 24, Farwell 13, Pinckney 10, Blodgett 10, and McAllister 13 majority.

Utica.—Bank 55, Farwell 32, Pinckney 30, Blodgett 30, and McAllister 30 majority.

TOTAL.—Maj. for Banks 1790; for Farwell, 409; for Pinckney, 256; for Blodgett, 475; for McAllister, whig Co. Treasurer, 113. The other towns will probably increase Farwell's majority.

WATERTOWN, JEFFERSON COUNTY.—The following is the full vote of Watertown, Jefferson Co., at the recent State election:

	Whigs.		*Locos.*	
STATE.—Farwell,	244	STATE.—Upham,	335	
Hughes,	227	Burns,	365	
Wright,	218	Robinson,	364	
Crawford,	218	Jansson,	363	
Truesdell,	218	Estabrook,	364	
Lord,	219	Ladd,	363	
Banks,	531	No Bank,	43	
Assembly, Mott,	378	Rogan,	189	
Senator, Stewart,	285	Vanderpool,	290	

The County (Jefferson) gives UPHAM a small majority, say 50, for Governor, and elects STEWART, Whig, to the Senate, MOTT and SKINNER Whigs, and VANOSTRAND, dem., to the Assembly.

OUTAGAMIE COUNTY.—There towns give the following vote:

	FARWELL.	UPHAM.	LORD.	LADD.
Appleton	109	67	77	100
Kaukauna	39	121	23	137
Little Chute	9	72	10	81
	157	260	110	318

The same towns give Peak, loco, for Assembly 320, Desnoyers, whig, 97.

RICHLAND COUNTY.—The town of BUENA VISTA, the largest in Richland County, gives FARWELL 53 votes, UPHAM 46; Bank 60, no Bank 35; Hough, whig, for Assembly, 55; Strong dem., 30; Brown, Ind., 16. The whole County gives Upham 40 majority, and 65 majority for Banks.

BROWN COUNTY.—So far as heard from the majorities foot up for Farwell 279, for Upham 288—the result is doubtful.

Dr. Peak, loco, for Assembly, has a considerable majority in Brown, and is probably elected. In 8 towns given in the Green Bay *Advocate*, Peak has 58 majority.

LAFAYETTE CO.—Shullsburg gives Upham 13 majority; White Oak Springs do 6 maj; Benton do 25 majority.

In the Shullsburg district, J. H. Earnest, Whig is elected to the Assembly.

DODGE COUNTY.—The Watertown *Register* says

In Dodge county, Averback, Ind., Sterling and Babcock, whig, and Green, dem., are elected to the Assembly. Prentice, whig, is elected Senator by a small majority. In the Beaver Dam district there is a tie.

☞ The Beloit *Journal* thus corrects an inadvertent error into which we fell, a few days since, in copying its notice of the excellent Reapers manufactured in that flourishing town, by Messrs. BARKER & LOVE:

> AN ERROR.—The Milwaukee *Sentinel* copies our notice of Messrs. Barker & Love's Reaper, and credits it to the Elkhorn *Star*. The *Sentinel* will please correct the error, for locating them in a wrong place might prove a detriment where good was intended.

☞ The Patent Soap, manufactured in this City by Mr. E. D. LADD, is fast growing into public favor and use; and is highly commended by the Press. The following notice is from the last Watertown *Register*:

> *Patent Soap.*—We had occasion to speak of this article a short time since. A thorough trial in our family convinces us that it is what it purports to be, the best article in use. We hold it in such estimation that we advise our friends to give it a trial.

SNOW IN THE NORTH AND WEST.—In Grant Co., the Potosi *Republican* says, the ground was white with snow on the day of publication.

At Oshkosh, ten inches of snow fell on the day of election. It did not seem to cool the ardor with which the voters rolled up Farwell's majorities, however.

TEXAS ELECTION.—The following is the vote for Congressmen in Texas, as officially declared:

First District—Volney E. Howard, 6,40 ; Hugh McLeod, 2,572; G. K. Lewis, 2,518; Henry N. Potter, 1,228; William Menifee, 209.

Second District—Richardson Scurry, 7,35 ; William B. Ochiltree, 4,229; B. Rush Wallace, 140; N. H. Darnell, 632; Geo. W. Wright 240.

City Matters.

PHRENOLOGY AND MAGNETISM.—Prof. GRIMES, a Lecturer of considerable celebrity at the East, whom we remember to have heard and liked ten years ago, in Albany, proposes to give a few lectures in our city, on Phrenology, Biology, &c., with amusing illustrations, commencing TO-MORROW evening, at the Free Congregational Church, Admittance one shilling. Mr. Grimes, we can confidently assure our readers, is well worth hearing.

KEEP DIGGING!—Messrs. City Fathers! Half dozen men and three or four teams won't get the grades of Wisconsin St., &c, completed before the century is over! You and we will grow old and go to "join the innumerable caravan that moves to the pale realms of shade," before they are completed—if you don't look out. Awake! rise! don't leave us forever in the mud.

WORTH A VISIT.—HURD'S beautiful selection and extensive stock of crockery and glassware is worth a visit to lovers of excellence in art. Besides the thousand articles of common use, of which every household needs a supply, there are hosts of ornamental curiosities in Bohemian glass, Terra Cotta, &c, which will well repay a close examination, and find ready purchasers.

THEATRE.—Mr. HARRIS had a good house at his Benefit Monday night, and HUNT was received with thunders of applause. He played with spirit and made a decided hit. *This* evening Mr. BEAVER takes a Benefit and offers a good bill.— He has labored hard to please the public and hopes, in return, that the public will make an effort to please him.

BEST RACE OF THE SEASON.—Jack Rossiter has just been winning one of the best races of the season, on the Centreville course, L. I. He was matched against Zachary Taylor for a purse of $300, best three in five. The *Times* says:

> The time, during part of each heat, was the fastest that ever was made before. The first quarter in each mile was performed in thirty-five seconds, and the half in 1:11; and had not the wind blown a gale during the race, there is no doubt but that the heats would have been the quickest on record. On the homestretch, the horses had the wind full in their faces, it being almost strong enough to force the drivers from their seats.
>
> Zack won the first heat in 2,35, Jack having broken up badly. Jack won the next three heats in 2,32—2,32½ and 2,34.

Pretty well for an old Milwaukee hackhorse.

DECISION IN THE CODDINGTON CASE.—Judge Duer of New York, decided in the case of Mary Inman, Smith Coddington and his wife, against James Watson Webb, that the circumstances under which the letters to Willis were placed in the hands of Mr. Webb, created a trust, the execution of which the court could enforce. The letters, said his Honor, were to be delivered to Mr. Inman, not as his own property, but as the natural guardian of his daughter, Mrs. C., and for her benefit; and she, on her marriage, was entitled, with her husband, to demand their delivery and possession.

MILLS BURNT AT RACINE.—The *Commercial* learns that the steam flouring mills at Racine known as the Telegraph Mills, were entirely consumed by fire on Sunday morning last. Some 400 to 500 bushels wheat were destroyed. The mill was insured for $3,000, but the loss is much greater, and falls mostly upon Messrs. Isaac Burbeck and William Chapman.

"STRUCK ALL OF A HEAP."—The Washington *Blade* says of the result of the election:

> There is but little room left to doubt that the Democratic candidates for Governor and State Superintendent are defeated. It hardly seems possible that we should suffer even a partial defeat in democratic Wisconsin, but we cannot now see how it is otherwise. We must be excused any remarks now; it will take us about a week to fully realize the fact.

TAKING IT COOLLY.—Mr. J. W. SEATON, editor of the Potosi *Republican*, and regular candidate of the democracy of his district for Assembly, has been defeated by Mr. McKee, independent, of the same party. He says:

> We have had but very little time to devote to our columns through the past week—having been elected to stay at home, we shall endeavor to attend to our own business hereafter.

VESSELS SUNK.—The Oswego Times of the 4th says:

> The schooner Luther Wright, with 8000 bus Wheat from Sandusky, was sunk yesterday morning, while laying at anchor in the lower harbor.— The Canadian schooner Amelia, when coming into the harbor, ran into the L. W., and she immediately filled and sunk to her guards. Her cargo belonged to Ulhorn & Brother, and was insured.

☞ The Hon. O. COLE declined the Whig nomination for Assembly, in the Potosi District, Grant Co. Mr. MCKEE, who is elected, took the field, as an independent candidate, against Mr. SEATON, editor of the Potosi *Republican*, the regular democratic nominee.

BANKS AT THE WEST.—The Western counties, Iowa, Grant, Lafayette &c. give heavy majorities against Banks, tho' nothing to the overwhelming vote in their favor on the Eastern side of the State. The Anti-Bank feeling, however, cost the Whig ticket a good many votes. But we are content to offset our losses in that quarter with our gains in this.

NEWSPAPER IMPROVEMENTS.—The editor of the Madison *Democrat*, who has just returned to his post after a business visit East, announces that he has provided himself with new presses and new type and intends to make his paper as large and well-looking as any in the State.

EXPORT OF SPECIE.—The steamship *Niagara*, which sailed from New York for Liverpool on the 5th inst., took out $945,318. The *Pacific* which sailed on the 8th, took out $950,000; making nearly *two millions* in one week. So works the British Tariff! How long can we stand this steady drain?

New Jersey Election,

Newark, Nov. 5.

The few returns thus far received though quite meagre, are sufficient to indicate a Whig defeat throughout the State.

So far as can be estimated at present, the Senate will stand 12 Dem. to 8 Whigs.

In the Assembly, about 36 Dem. to 24 Whigs.

The Whigs will have the Council of Brooklyn by two majority. Twelve Aldermen hold over, 7 or 8 being Whigs, thus leaving the Whigs 2 maj. in the Common Council.

Charleston, Nov. 2d.

The steamship Isabel arrived at midnight, on Saturday, having left Havana on the 30th ultimo.

The U. S. ship Cyane had arrived at Havana; as well.

The ship James Conner from Liverpool for New Orleans, when 41 days out, touched upon the reefs, but got off unassisted.

Mr. Thrasher, late editor of the Faro Industrial, was removed on the 29th ultimo to Pinta Fort and placed in solitary confinement in a damp unhealthy dungeon. He is charged with receiving letters in cypher, supposed to have reference to the Cuban invasion, but he denies all knowledge of them. Reports were current that he had been tried, condemned and sentenced to the mines.

Another account says that Thrasher's arrest is ascribed to the kindness shown by him to the American prisoners, and the jealousy of the editors of the "Diario Marino," Consul Owen's neglect of Thrasher is much censured at Havana.

New York, Nov. 6.

Another terrible gale occurred at Bay de Chaleur on the 12th of October. The schooner *Despatch* of Boston, *Red Wing* and *Angeline* of Dorchester, and several others went ashore.

The gale is represented to have been more formidable than the first.

Wilmington, Nov. 5.

THE CONVENTION CARRIED.—We have received returns from every hundred. They all show a majority in favor of a Convention to frame a new Constitution.

Albany, Nov. 7.

The Whig candidates go into Delaware as follows:

Patterson 1322 ahead; Forsyth 1219; Ullmann 3292; Seymour 1543; Fitzhugh 4101; Cook 2156. We think there will not be over 1000 against Patterson and Forsyth in Delaware, nor 2500 against Ullmann, Cook or Fitzhugh. Seymour is doubtless beaten, and chances rather against Patterson and Forsyth.

The Senate is a tie, unless we have Wilkin or Williams, and it is democratic unless we have Platt and one of the above. The house stands 65 Whigs and will likely stand there. We may get another. We have seven in New York. Delaware not heard from in full.

COMMERCIAL.

THE MARKETS.

OFFICE OF THE DAILY SENTINEL, }
MILWAUKEE, November 12, 1851. }

Receipts of Wheat moderate yesterday—sales at 35@45c for spring, 40@50 for winter.

Barley—more coming in—rates unchanged—sales at 38@41c.

Oats 16@16½c.

Beef—Cattle worth 3,25@3,50 ₱ cwt

Pork—dressed hogs taken readily at $4@4,50 for good. 4,62½ for choice—₱ bbl worth $14.

Venison—begins to come in—worth 4c ₱ lb.

CHICAGO BEEF PACKING.—We published a few days since an article from the Chicago *Democrat* stating that the am't of beef packed this season in that city was 59,600 lbs, and number of cattle slaughtered 30,600. The *Journal* and *Tribune* both insisted that the number was too high, and we now find the *Democrat* saying, after a visit to one of the largest packing houses,—that belonging to R. L. Hough & Co:

> Mr. Hough thought that the article we got up about the Chicago beef trade, a few days ago, after a great deal of labor, and which the other city papers appropriated to themselves, was too extravagant by 12,000 at least. *We took the safe side for our city, however,* without reflecting that it would injure our very enterprising and meritorious Packers, to represent that the beef to go forward this fall, was so plenty.

Such a confession does not increase one's confidence in estimates and statements from our Chicago neighbors.

New York Railroad Arrangements.

We learn that the Superintendents of the different railroad companies on the central line between this City and Albany, held a meeting at Syracuse a few days since, at which it was determined that the following rates should be charged on freight during the close of navigation, commencing the first of December:

ON UP FREIGHT.

1st class,	from Albany,	76 cts.	per 100 lbs.	
2d do	do	54	do	do
3d do	do	44	do	do
4th do	do	40	do	do

ON DOWN FREIGHTS.

1st class,	to Albany,	70 cts.	per. 100 lbs.	
2d do	do	50	do	do
3d do	do	40	do	do
4th do	do	33	do	do

On Flour the price will be 60 cts. per bbl. to Albany.— Last year the charge was $1. This is a great reduction and cannot fail to secure the transportation of large quantities. The toll was about 20 cts. which has been taken off, and the reduction is 20 cts. in addition to that.

A full schedule of rates will be published in a few days.— Our merchants will appreciate the benefit of this reduction and take advantage of it extensively during the winter.— They will hereafter pay 70cts. per cwt. on what they have heretofore paid $1,10.—*Buff. Com.*

BANK OF NEW ROCHELLE.—The Superintendent of the Bank Department gave notice that on the 7th inst, the stock notes of this bank would be redeemed at par at the Mechanics' and Farmers' Bank in Albany.

WISTAR'S BALSAM OF WILD CHERRY imparts new vigor to vital action, and relieves the system by opening the the pores of the skin, and promoting the secretion of mucuous matter. Its action is sudorific, sedative and expectorant, by opening the pores, allaying irritation, and by rendering the expulsion of mucuous matter easy.

Those who take the Balsam will feel immediate relief from the distressing irritations that accompany affections of the respiratory organs. The pores have been closed, the Balsam opens them. The Lungs suffer from irritation, the irritation is soothed; the pulse is violent and feverish, they are softened, and the mucuous membrane is relieved of its engorgement with rapidity and ease. All by the use of this delightful remedy,

THE TAIL OF THE COMET

IS forty degrees in length, but so thin in substance that stars are visible through it. The marvellous tales of some nostrum-mongers are nearly as long, and quite as easily seen through.

The proprietor of *Dr. Guysott's Extract of Yellow Dock and Sarsaparilla*, however, has no occasion to resort to *such tales* in order to attract public attention.

The actual cures performed by the article, wherever it is introduced, is the basis upon which the reputation of this remedy is founded, as the hundreds of certificates of renewed hopes, health, and life, that are continually flowing in upon him, will prove.

☞ *Humbugs may flourish* for a time, but a remedy must possess rare medicinal virtues, to establish the reputation that *Dr. Guysott's Yellow Dock and Sarsaparilla* has established whenever it has been used.

DAILY SENTINEL.

New York Election.

New York, 8th.

The Tribune says that the State Senate is still in great doubt. The whig lost two Senators in Kings and Monroe, and one in Franklin and Yates. Ambrose, whig, is probably defeated in Greene and Ulster, and the election of James Platt in Oswego and Madison, owing to the blunder in printing the ballots, is extremely doubtful.

If this proves true, the whig Senators elected are reduced to 14, with a possible chance for two or three more. The returns received give 62 whigs and 59 democrats in the Assembly. Allegany, Suffolk, Fulton, Sullivan and Ontario counties to be heard from.

Baltimore, 8th.

The Democratic State Ticket is elected. The Senate stands 12 whigs and 10 democrats. If the last reports are correct, as they are believed to be, the democrats will have a majority in the House of delegates.

Vicksburg, 8th.

The steamer Montgomery was burnt at 3 o'clock this morning while going at Hurricane Island in a fog; her large cargo 2,500 bales of cotton is a total loss. Two cabin passengers were burnt or drowned. Nothing further from election.

New York, 8th.

The ship Oregon from New York to Kingston, sunk in a gale on the 15th of October. Three passengers were drowned. The rest saved themselves on a raft, and were picked up by the brig Conductor.

The Pacific sailed to-day with 16 passengers, among them was Father Matthew. She took out $85,000 in specie.

Washington, Nov. 8.

The Intelligencer publishes the official announcement of the appointment of Judge Sharky consul to Havana.

The Prometheus, for Chagres, sailed this morning with a large number of passengers.

New York, Nov. 7.

Rev. D. Creighton has not yet consented to assume the office of Provisional Bishop, and desires time for further consideration.

The late Abraham G. Thompson has left about $200,000 to charitable societies in this city, as follows:

American Bible Society,	$30,000
" Tract "	30,000
" Home Mission Society,	20,000
N. Y. State Colonization "	20,000
American B. C. F. M.	20,000
Deaf & Dumb Institution,	20,000
Blind.	20,000

New York, Nov. 8.

Another forged check was attempted to be passed yesterday, at the Pacific bank. The check purported to have been drawn by Mr. W. Latting of Broadway, and was presented at the bank by a lad named Woodruff, a clerk at the New Haven House. He was taken into custody, and to the Police Court, where he implicated as principal a man whose name has not yet transpired.

The frigate St. Lawrence, now lying at the Brooklyn Navy Yard, has received sailing orders for the Pacific.

Yesterday afternoon officer Garrett arrested two of the rioters concerned in the outrages at the 19th Ward polls. They were committed.

The steam-ship Pacific left to-day at noon with $950,000 in specie, and 50 passengers. Among the latter are Father Matthew and E. G. Squiers.

Washington, Nov. 7.

The letter of acceptance of the Havana Consulship, has been received from Judge Sharkey.

It is stated that Spain has intimated to the U. S. Government that she only requires a salute to her flag to forget the insult at New Orleans, and set the American prisoners free.

The Post Master General has made a change in the Department, which on the 15th inst, Col. Fitz Henry Warren becomes 1st Assistant P. M. G. in place of Gen. S. D. Jacobs, who assumes Col. W's present position of 2d Assistant P. M. G.

A number of temporary clerks have been added to the Census Bureau will in a few days past.

Albany, Nov. 8.

There is nothing to change the opinion that Ullmann, Cook and Fitzhugh are elected, and probably Forsyth, on the Whig ticket. The Democrats claim confidently the election of Wright, McAlpine, Storms and Johnson.

Boston, Nov. 7.

It is reported that the Canadian Government agree to build, simultaneously, the Quebec and Richmond, and the Quebec and Halifax Railroads—the money to be obtained at 3½ per cent.

Baltimore, Nov. 7.

The Georgia Legislature organized on the 3d inst., James Menworth was elected Speaker of the House, and J. Miller, President of the Senate.

November 8.

The brig *Conductor* arrived at this port last evening, with the captain and crew of the ship *Oregon*, of New York, which vessel foundered at sea on the 27th Oct. Three passengers drowned. The crew remained on a raft three days and nights without food or water, when they were taken off by the *Conductor*. Those lost were Mr. Sampson, of London, J. B. Dugall, of New York, and a young man about 18 years old.

New Orleans, Nov. 6.

Further returns from the 3rd District, leave little doubt of the election of A. G. Penn, Dem. to Congress, over Upton, whig.

Both branches of the Legislature are believed to be whigs.

SODA SALÆRATUS

ARRANGEMENTS FOR 1851.

AS the season for emigration approaches, we beg to acquaint our friends and the public with our Arrangements for the year 1851, and would inform them, that with an increase of business—for which we are grateful—we are placed in possession of greater facilities for conducting the Emigration and Foreign Exchange Business than any other House in the World, and for which—in a great measure—we have to thank a discerning public for their continued patronage.

Since the commencement of last year a large number of magnificent ships have been added to the various popular lines for which we are the Agents, and several others are now in course of construction, all of which will be fitted up for passengers in the most superior manner, and commanded by men of long experience.

By the following List of Packets, and their dates of sailing—being six regular packets a month to and from Liverpool—four, to and from London—and two, to and from Glasgow—persons sending for their friends, or those proceeding to the "Old Country," will perceive it much to their advantage to make arrangements at our office; and as heretofore, our business in *Liverpool* will be under the personal superintendence of our Mr. W. TAPSCOTT—whose well known care and attention to passengers embarking by our line has won for him his present high reputation among the emigrating public.

In offering our Stoves to the community, we do so with the full assurance that we can supply better articles than can be purchased at any other place, being entirely new patterns, manufactured with care and from the very best materials. The following list of patterns is offered with the confidence that they will give satisfaction in every particular, viz:

THE ECONOMIST

Double Oven Cooking Stove,

(Which received the First Premium at the State Fair, lately held at Janesville,)

Possesses great advantages over every other stove, for plain flues and direct application of heat, being so arranged that one or both ovens can be used at pleasure. It will cook in half the time of any other stove now in use, and with half the fuel, not consuming over four cords of wood in one year.

The **TRIUMPH,** single oven, takes in long wood, is an excellent stove—one that has been well tested, and given general satisfaction.

The **PREMIUM** is different in its construction from any other made, in the arrangement of the fire back—acknowledged to be a great improvement.

The **JUNO PARLOR** is adapted to either wood or coal, being decidedly the neatest arrangement ever offered to the public, having all the convenience of the stove combined with the beauties of the open grate. It is beautifully ornamental, highly finished, and perfect in every respect—the entire front above and below the grate being opened or closed with three doors, and so arranged that when open they are completely out of sight. It is equally adapted to offices as well as parlors.

The **RADIATOR** is the best coal stove ever got up as a retainer of heat.

Persons purchasing their stoves of us, in the event of any of the plates getting broke, can at all times be supplied with extra ones, thus superseding the necessity of throwing away stoves, which many are daily compelled to do in buying Eastern ware.

Those who are in want of an articles in our line, will find it to their advantage to give us a call, before purchasing elsewhere, as we are confident that we can give satisfaction in all cases. City references given, where our stoves can be seen in operation. Stoves delivered and set up in any part of the city, free of charge. All orders promptly attended to.

TAKE NOTICE!

PATENT

BEDSTEAD.

THE undersigned now offer to the public a new article of Bedsteads, entitled "HINKLEY'S PATENT SUSPENSION BED BOTTOM AND FASTENING," which possesses, as they believe, a decided superiority over every other kind now in use.

The advantages of this Patent are, first, the elasticity of its spring, the simplicity and durability of its structure, and what is of far greater importance, these Bedsteads are "BUG PROOF." For these reasons, it is believed to be not only the best, but the cheapest Bedstead that can be used!

In enumerating its advantages, the proprietors only repeat the statement of competent persons in this city, and elsewhere, who have had the best opportunity of judging of its merits.

FACTS WILL ALWAYS SHOW!

and when we say that one firm in New York (Troy) manufactured and altered over [under this Patent] TWELVE THOUSAND Bedsteads within two years, and that in the eastern cities,

ONE HUNDRED THOUSAND

Have been made and altered, we tell nothing but the truth, and exemplify the advantage, luxury and economy of this Patent over all others now or heretofore in use. These Bedsteads have been adopted at the Astor House, N. York; Troy House, Troy; Mansion House, Troy; Irving House, Troy; Marvin's U. S. Hotel, Saratoga; Globe Hotel, Syracuse; Blossom's Hotel, Rochester; U. S. Hotel, Buffalo; Burnet House, Cincinnati; American House, Massillon, O; Neil House, American House, Capital House, U. S. Hotel, Buckeye Hotel, Columbus, O.

This patent received the

HIGHEST PREMIUM,

at the late Fair of Rensselaer county, N. Y., New York, Albany; State Fair, Erie county, Buffalo; Boston, Mass. State Fair; Wayne county, O., Stark county, O., and numerous others.

MILLARD, HOLTON & CO., Proprietors of the above Patent, may be found at the Furniture Warehouse of J. F. Birchard, No. 21 Spring-st., 3 doors east of the American House, Milwaukee, where applications for Rights of Towns or Counties will be promptly attended to.

Persons wishing to have their bedsteads remodled on the above plan, will please leave their names with Mr. Birchard, at the above named place, where they will meet with prompt attention. These Bottoms are considered preferable for Lounges or Trundle Beds, and will be inserted for the sum of $1,25.

In conclusion, we are free to state to a discerning public that after giving the above Bed Bottom a fair trial, they will award to us the merit of not overrating the good qualities of the "Patent Suspension Bed Bottom," and we confidently look for a liberal encouragement from a common-sense public.

MILLARD, HOLTON & CO.

P. S. Any person infringing on the above Patent, will be prosecuted according to law.

A New and Valuable Improvement in Bedsteads.

We, the undersigned, citizens of Milwaukee, having examined "Hinkley's Patent Suspension Bed Bottom," now being introduced into this city by Millard & Co., pronounce it far superior in all respects to any thing of the kind that we have heretofore known either in this or any other State. Its superiority over all others, consist in the elasticity of its spring, the simplicity and durability of its structure, and what is of far greater importance, these Bedsteads are "Bug proof."

We feel, too, that for cheapness, it does not cost any more than the common wood screw, (the expense of the cord and sacking bottom being saved) and for practical utility it must in fact supersede all kinds heretofore used. We would therefore cheerfully recommend it to the citizens of Milwaukee, and the public generally.

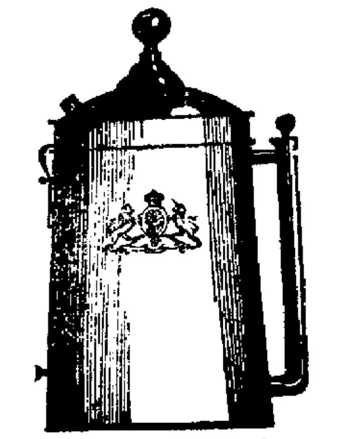
PHILLIPS' UNITED STATES



Fire Annihilator Agency.

THE undersigned respectfully announces that he is the authorized Agent for the English Patents for the use [illegible] of Phillips' Fire Annihilators in the Counties of Milwaukee and Racine. [illegible] will become [illegible] in connection with a company of [illegible] to be known as

"Phillips' United States Fire Annihilator Company,"

Of which Hon. ELISHA WHITTLESEY, 1st Comptroller of the United States Treasury at Washington, is the President. Hon. JOHN M. CLAYTON, of Delaware, is Counsel for the Company, and P. T. BARNUM, Esq., General Manager and Secretary.

The prices of Machines, and of Charges, are as follows:

SIZE OF MACHINE.	PRICE, INCLUDING ONE CHARGE.	PRICE OF EACH SPARE CHARGE.
No. 1	$10	$1 25
No. 2	[illegible]	1 75
No. 3	[illegible]	2 50
No. 4	[illegible]	3 00
No. 5	25	3 50

☞ Freight from New York added to the above prices.

The machines can be made to order of any size, at proportionate prices.

No. 1, (the smallest size,) is valuable for extinguishing fires in [illegible] and apartments.

No. 2 is [illegible] in larger buildings, and at the [illegible] of a fire, and has the advantage of being the most portable of the sizes deemed available for houses.

Nos. 3, 4 and 5 are the Hand Machines of greater power. No. 3 can be carried by a lad. Nos. 4 and 5 can only be handled, to advantage, by a man, and are preferable for large establishments, as they may be effectually used for street fires.

In addition to the Hand Machines, there are Street or District Annihilators, mounted upon wheels, and intended to be drawn by animals in the usual manner. These machines are possessed of enormous power, and will emit, through a hose, a stream of vapor into a burning building for any desirable length of time.

The Portable Machines are so simple in construction that they are not liable to get out of order, and their application is so easy, that any person can effectually use them. The [illegible] charges may be preserved any length of time. These Machines furnish an infallible protection against the destructive consequences of fire, as they are always ready for constant use, and contain within themselves the means of extinguishing accidental fires as soon as discovered.

THE FIRE ANNIHILATOR is made to evolve a humid vapor, and to emit it with great expansive force, so as to penetrate into, to search out, and extinguish the fire. But, while the vapor emitted is destructive to fire, it is innoxious to life, and even tends to purify an atmosphere charged with smoke; nor does it injure the furniture or goods which may have escaped the action of the fire. And in this capacity the machines constitute the best fire-escape, and the means of rescuing property from the flames the world has ever known; even the smallest machine, inadequate to the extinction of a large fire, will enable the bearer to enter the [illegible] with perfect impunity.

The merits and practical utility of the Patent Fire Annihilator have been thoroughly tested, and are acknowledged by the most eminently scientific men, and the machines have been, by command, supplied to the Royal Palaces of Queen Victoria, the Crystal Palace of the World's Fair, the mansions of the Nobility, the principal Manufactories of Great Britain and France, Theatres, Churches, and other public edifices, as well as Railways, Shipping, &c., now have them in constant use.

GUYSOTT'S

IS NOW PUT UP in the largest sized Bottles, and is acknowledged to be the BEST SARSAPARILLA made, as is certified by the Wonderful Cures it has performed, the original copies of which are in the possession of the proprietor. Remember, this is the only TRUE and ORIGINAL article.

This Medicine, when used according to directions,

Cancers, Tumors,
Eruptions of the Skin,
Erysipelas, Chronic Sore
Eyes, Ringworm, or Tetters,
Scald Head, Rheumatism, Pains in

THE BEST FEMALE MEDICINE KNOWN!

The peculiar maladies to which females are subject commonly produce great bodily exhaustion, accompanied by a depressed and often gloomy state of mind. As the system declines in strength there is a loss of nervous power, and this very naturally impairs the energy of the mind and disturbs the equanimity of the temper. Every candid woman who has suffered from female complaints will admit this to be the mournful truth. Now, to obtain relief, it is only necessary to stop the tendency to depletion and debility. This can be done by renewing that fountain of health and strength, the BLOOD, and no medicine accomplishes this desirable result so speedily and completely as "Dr. Guysott's Improved Extract of Yellow Dock and Sarsaparilla."

Ladies of pale complexion and consumptive habits, and such as are debilitated by those obstructions which females are liable to, are restored, by the use of a bottle or two, to bloom and to vigor.

☞ Dr. Guysott's Improved Extract of Yellow dock and Sarsaparilla is a sure remedy for Hereditary Gout.

Females, Read the Following.

NEWARK, N. J., Jan. 25.

Mr. Bennett—We take pleasure in stating that your Yellow Dock Sarsaparilla gives great satisfaction in every case. A very respectable gentleman informed me that his daughter was troubled with difficult menstruation and other diseases peculiar to her sex. She had not had her regular menstrual discharge for a long time; but by the use of Dr. Guysott's Yellow Dock and Sarsaparilla she was radically cured. She used Townsend's and others without receiving the slightest benefit. He had one daughter die from the same cause.

J. R. TARR & Co.

HIGGANSVILLE, Oswego Co., May, 1848.

S. F. Bennett—Dear Sir: I purchased, a short time ago, a bottle of your Yellow Dock and Sarsaparilla for my wife, which she has used for her complaint, Erysipelas and weakness, Falling of the Womb, &c., and it has already helped her very much. Of the Erysipelas it has effected nearly a cure. I have just purchased a second bottle, and judging from the effect of the former feel confident that it will effect a perfect cure.

Yours, very respectfully, N. COBURN.

Cure of an aggravated case of Erysipelas.

The cures performed by Dr. Guysott's Extract of Yellow Dock and Sarsaparilla are lasting. The patient's general health continues to improve after disease is removed. Cures are not chronicled until time has fully tested that there can be no relapse or return of the disease.

NORWAY, Herkimer Co., Feb. 1850.

S. F. Bennett & Co.—Gents: It is with great pleasure that I write you about the very happy effect of your Yellow Dock and Sarsaparilla upon my son, who has long been suffering under that dreadful, loathsome disease, Erysipelas, with which he was attacked in 1848, and was for several months attended by some of our best physicians, who tried their skill perseveringly for five months without any beneficial effects whatever. He became reduced to a perfect skeleton. He had ulcers from his hip down to his knee, which were continually discharging offensive matter. Medical and surgical skill was baffled. Physicians said that his case was hopeless—there could be nothing done to arrest these terrible consuming ulcers. My neighbors and myself thought his dissolution near at hand. One of my neighbors, who had cured a child of scrofula with your invaluable medicine, wished me to make a trial of it, and more from the restless desire to do something while life lasted, than from any hope of getting relief, I procured three bottles of your "Yellow Dock and Sarsaparilla," and commenced using it, and to my astonishment, he commenced to improve before he had used the third bottle, and before he had used half a dozen bottles, he could walk out. He used in all twelve bottles during the year '48, and by October last he was perfectly restored; every vestige of the disease except the scars was removed, and he remains in perfect health up to the present time. His recovery, under the blessings of God, is entirely owing to the use of your Yellow Dock and Sarsaparilla, and I assure you that I feel myself under great obligations to you, and it is with great joy that I inform you of what your Sarsaparilla has done for my son.

Respectfully, JAMES RUSSELL.

TO THE PUBLIC.

THE introduction of Dr. John Bull's unequalled Sarsaparilla, has formed an era in the medical world. Its rise, progress, and the many wonderful cures it has effected, since it was introduced to the public, have been a subject of great astonishment, and even commanded the admiration of the American people. When the history of this truly wonderful medicine is known, together with the extraordinary exertions made by Dr. Bull, to make it the most valuable compound of Sarsaparilla known to the world, its rapid and unprecedented rise and progress will no longer be a theme of astonishment.

Twenty-six years since, Dr. Bull, then a boy, came to Louisville, and was employed for a number of years in studying the business of an Apothecary, with Messrs. Byers & Butler, Dr. T. E. Wilson, and the lamented L. George, Jr. After leaving the service of Dr. Wilson, Dr. Bull was employed by Dr. P. Scorch, an old and celebrated German physician of this city, and who was for many years Surgeon in the Grand Army of Napoleon. Dr. Scorch, during his life, made a fluid Extract of Sarsaparilla for the especial use of the physicians of this city, and which was considered at that time by far the most superior article made. Dr. Bull was employed by Dr. Scorch, in compounding this celebrated Sarsaparilla, and he then conceived the idea, and finally fully determined (seventeen years since) to introduce at some future period, for the consideration of the afflicted, a preparation of Sarsaparilla.

Since that time, his mind has been constantly employed in studying the ingredients, and experimenting to find a complete, safe, and valuable compound of Sarsaparilla, such a one as would be acknowledged by physicians as undoubted in its efficacy, and hailed by the afflicted with demonstrations of joy. By close and unremitting study, he at last succeeded in gaining the desired end. His Extract having been several years before the public, and its merits completely tested, he confidentially appeals to the thousand certificates of its wonderful cures, and hence for its great superiority over all other similar compounds. It is therefore a matter of no surprise, that the question is frequently asked.—"Why don't Dr. Bull's Sarsaparilla continue to advance in the favor and confidence of the public, when all other similar preparations, which have preceded his, have been cast aside as unworthy of the afflictest notice?" Tho' it is not required, yet this question is easily answered. Dr. Bull has not worked alone for pecuniary preferment; gain has not been his sole object; he has had a higher and a nobler aim constantly in view—that of relieving the sufferings of his fellow-creatures. Unlike those who compound a good article for a short time, that they may gain a reputation, and having attained the object of their wish, reduce their article, by leaving out its most valuable ingredients, to a worthless, mixture, in order to accumulate wealth. Dr. Bull has continued to use the costly ingredients, which his long study and experience enabled him to discover, and which have been of such invaluable service to suffering humanity. He seeks to gain an unspotted reputation not only for himself, but also for his renowned Sarsaparilla; and it is a fact worthy to be recorded, that every gallon of the Sarsaparilla sold by Dr. Bull is made with his own hands, and under his immediate Superintendence. For several years past, he has been daily experimenting in administering his mixtures without charge, to patients pronounced incurable; and to his eternal fame be it recorded, his efforts have been crowned with the most wonderful success. His Sarsaparilla has now gained such a wide spread reputation, and been established upon such a solid basis, that he is firmly satisfied of its undoubted merits, and confidently challenges the combined Medical skill of Europe and America to produce out of Sarsaparilla, a superior preparation to his Fluid Extract.

Dr. Bull would here like to introduce a few of the many testimonials of the wonderful effects of his Sarsaparilla; but to publish the one quarter of the astonishing cures effected by the use of this truly great Medicine, would require a volume of five hundred pages, and the Doctor has to be satisfied by offering the opinions of a few distinguished men, believing that these opinions will be sufficient to induce all who are afflicted to give Bull's Sarsaparilla a trial.

TESTIMONIALS.

Rev. E. W. Sehon—Rev. E. Stevenson.

The following is a verbatim copy of a certificate now in the possession of the proprietor of Bull's Sarsaparilla. Rev. E. W. Sehon is widely, and generally known as an eloquent and accomplished Pastor of the M. E. Church, and Rev. E. Stevenson has been known as one of the most talented and zealous members that the Kentucky Conference could boast of for many years, and at this time is filling the high and responsible station of agent for the M. E. Book Concern.—Can the world produce better, or more satisfactory testimony in favor of my medicine?

Louisville, May 29, 1849.

We have used John Bull's Sarsaparilla, and have known it to be used with entire satisfaction; and we have no hesitation in stating that we believe it to be a safe and valuable medical compound, and calculated to produce much good, and relieve much suffering; and therefore would cheerfully and most earnestly recommend it to the afflicted.

(Signed) E. W. SEHON,
E. STEVENSON.

Testimony Like the following, renders superfluous all comments on the efficacy of Bull's Sarsaparilla.

From Doctor L. P. Yandell, Professor of Chemistry in the Louisville, Medical College.

I have looked over the list of ingredients composing John Bull's Compound Extract of Sarsaparilla, and have no hesitation in saying that they form a safe compound, and one that promises well in chronic diseases, to which it is applicable.

Better Testimony than was ever offered in favor of any Medicine.

From Dr. James M. Moore.

Dr. John Bull—I have no hesitation in saying, that I believe your Sarsaparilla to be the best article ever manufactured for the cure of scrofula, syphilis, and many other cutaneous and glandular affections, having used it with entire success in a number of the above cases.

Louisville, Dec. 26, 1847. J. M. MOORE, M. D.

More Testimony from Dr. Moore.

Mr. John Bull—I am using your Sarsaparilla in several new cases of scrofula, and with happy effect. I am now confident it is one of the most efficacious medicines that can be made for that disease.

What Dr. Pyles, Physician by appointment to the Louisville Marine Hospital, says of Bull's Sarsaparilla.

Louisville, March 20, 1849.

I have examined the prescription for the preparation of John Bull's Sarsaparilla, and I believe the combination to be an excellent one, and well calculated to produce an alterative impression on the system. I have used it both in public and private practice, and think it the best article of Sarsaparilla in use.

RHEUMATISM,	In four hours,
NEURALGIA,	In twenty minutes
TIC DOLOREUX,	In ten minutes
TOOTH-ACHE,	In three seconds.
SICK HEAD-ACHE,	In three seconds.
NERVOUS HEAD-ACHE,	In eleven minutes.
SOUR STOMACH,	In ten minutes.
HEART-BURN,	In five minutes.

LOCAL INFLAMMATIONS	In six hours.
INFLUENZA,	In twelve hours.
HOARSENESS,	In ten hours.

Special complaints, swellings, bruises, sores, wounds, &c., it will relieve ten times quicker than any other remedy in use.

LET THOSE WHO SUFFER PAIN TRY IT!

It will prove itself in a few minutes. As soon as it is taken internally, or applied externally, its beneficial effects are seen.

IT IS BETTER THAN ALL OTHER REMEDIES.
HERE IS THE PROOF!

There is no other remedy that claims to subdue the acute pangs of pain in seconds, minutes, or even hours. They require the patient to use doses of it, for days before a relief change is promised. Not so with Radway's Ready Relief; its effects are instantaneous; the first dose that is taken, or the first external application, commences its great work of relief from pain.

SICK HEADACHE CURED IN 20 MINUTES.

Radway's Ready Relief has cured over 30,000 cases of Sick and Nervous Headache during the past season. The Western States where this disease rages to a great extent, Radway's Ready Relief has cured every case where it has been applied. Our agent at Rome, Michigan, writes: "Out of our Village of 1000 inhabitants, Radway's Ready Relief has cured 750 persons of Sick and Nervous Headache, Weakness, Painful Spells—among many of the worst cases in the incredible short time of 15 minutes. It has cured, pain and curing Diseases of Nerves, Rheumatic, and of Billious type."

LADIES' BEDSIDE COMPANION.

Radway's Ready Relief, from its universal application for all Pains, Aches, and Complaints incident to the country, writes our agent at Rockford, Ill., is looked upon as a God-send. "Our ladies will not even go to bed now—they have a bottle of Ready Relief within their reach; and our men will not venture out of their dwellings without a bottle of this wonderful Relief to protect them." It cures all Pains, and all Aches; Headache, Earache, Toothache, Backache, Earache, Muscular Pains, Pains in the Limbs, in the Joints, in the Muscles, the Legs, Feet, Arms, Shoulders—whenever and whatever the pain may be, it is instantly subdued by this Relief, either internally or externally, by Radway's Ready Relief.

RHEUMATISM CURED IN 20 MINUTES.

It has cured Mr. T. Freely, of 670 Water-st., who was confined to his bed for nine months, who tried over Liniments, Sarsaparilla, Life Balsam of any popularity, without one hour's relief. Radway's Ready Relief stopped all the pain in twenty minutes. Mr. Freely is now in good health, and as happy a lad at Clifton, Va., so writes Ray Jones of that place, "In two hours, of Chronic Rheumatism." It cured a gentleman from Sing Sing, who had the Rheumatism for six Years, in twenty-four hours—so says the Hudson River Chronicle, published in that place. If there is a person in this city, now suffering with Rheumatism, Neuralgia, Nervous, Tic Doloreux, who has tried all other remedies unsuccessful, and has not been cured, we invite you to call upon us, or our office, 162 Fulton St., N. Y., and we will warrant you a speedy cure.

WEAK AND ENFEEBLED, VICTIMS OF NEURALGIA.

Radway's Ready Relief secures a cure for more painful power over this class of diseases, than Morphine, Quinine, Strychnine, or any other Remedy in use. It gives the quickest, is free from all poisonous or debilitating properties. It is entirely vegetable, and as innocent as the common vegetable. More powerful than all the Nervous Antidotes, mixtures of Sarsaparilla, &c. &c. In the first action it is felt in the acute sensibility of the nerves—to give strength vigor and action to the nervous energy; to invigorate the functions and all secretions of every organ in the system; to repair the falling condition; to give a quick and action to the liver and tone to the stomach; to regulate the action of the secretions and excretions of the skin, and every part of the system; all morbid, poisonous and refuse humors; to give health to the body, to strengthen the nervous energy of the whole system; to change the weak, enfeebled, worn out, broken down constitution to a healthy, robust, joyful, strong and hearty being. A teaspoonful of Radway's Read Relief, taken internally three times per day, and by applying it externally when pain is present will do all this.

MARRIED LADIES

Should make use of Radway's Ready Relief as a bath. Its invigorating and refreshing properties imparts the fresh strength, elasticity and suppleness to the joints and limbs. Moreover, it is a powerful regulator of the secretions and functions of every organ in the system. Married ladies, by bathing every night with Radway's Ready Relief, at a preference period, will avoid much of the pain attending them on certain occasions.

COUGHS AND COLDS.

Radway's Ready Relief will instantly stop the most troublesome Cough. It has cured hoarseness thus and again, in a few hours. Taken internally, it enables the patient to expectorate freely, removes all inflammation, swelling and irritation of Bronchial organs, and by bathing externally the neck, throat and chest, it produces a quicker action to the skin, and keeps the patient perspire freely, it removes the pain from the throat and gives strength to the lungs.

ERUPTIONS OF THE SKIN.

By adding a table spoonful of Relief to a table spoonful of Olive Oil, it will stop the most painful itching of the skin and regulate the natural state of the skin, and of Ring Worm, Itch, Burns, Sores, Scalds, &c.

ELEGANT TOILET REQUISITES.

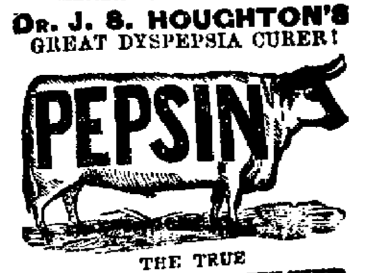
PATENT MEDICINES.

Entered according to Act of Congress, in the year 1851, by J. S. HOUGHTON, M. D., in the clerk's Office of the District Court for the Eastern District of Pennsylvania.

Another Scientific Wonder!

Dr. J. S. HOUGHTON'S GREAT DYSPEPSIA CURER!



THE TRUE

DIGESTIVE FLUID,

OR

GASTRIC JUICE

PREPARED from Rennet, or the fourth Stomach of the Ox, after directions of Baron Liebig, the great Physiological Chemist, by J. S. Houghton, M. D., Philadelphia, Pa.

This is a truly wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation, and Debility, Curing after Nature's own method, by Nature's own Agent, the Gastric Juice.

☞ Half a teaspoonful of Pepsin, infused in water will digest or dissolve, Five Pounds of Roast Beef in about two hours, out of the stomach.

Pepsin is the chief element, or Great Digestive Principle of the Gastric Juice—the solvent of the Food, the Purifying, Preserving and Stimulating Agent of the Stomach and Intestines. It is extracted from the Digestive Stomach of the Ox, thus forming an Artificial Digestive Fluid, precisely like the natural Gastric Juice in its Chemical powers, and furnishing a complete and perfect substitute for it. By the aid of this preparation the pains and evils of Indigestion and Dyspepsia are removed, just as they would be by a healthy Stomach. It is doing wonders for Dyspeptics, curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption, supposed to be on the verge of the grave. The Scientific Evidence upon which it is based, is in the highest degree Curious and Remarkable.

SCIENTIFIC EVIDENCE.

Baron Liebig in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid, analogous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the Calf, in which various articles of food, as meat and eggs, will be softened, changed, and digested, just in the same manner as they would be in the human stomach."

Dr. Pereira, in his famous treatise on "Food and Diet," published by Wilson & Co., New York, page 35, states the same great fact, and describes the method of preparation. There are few higher authorities than Dr. Pereira.

Dr. Combe, in his valuable writings on the "Physiology of Digestion," observes that "a diminution of the due quantity of the Gastric Juice is a prominent and all-prevailing cause of Dyspepsia;" and he states that "a distinguished professor of medicine in London, who was severely afflicted with this complaint, finding everything else to fail, had recourse to the Gastric Juice, obtained from the stomachs of living animals, which proved completely successful."

Dr. Graham, author of the famous works on "Vegetable Diet," says: "It is a remarkable fact in physiology, that the stomachs of animals, macerated in water, impart to the fluid the property of dissolving various articles of food, and of effecting a kind of artificial digestion of them in no wise different from the natural digestive process."

Professor Dunglison of the Jefferson College, Philadelphia, in his great work on Human Physiology, devotes more than fifty pages to an examination of this subject.—His experiments with Dr. Beaumont, on the Gastric Juice, obtained from the living human stomach and from animals, are well known. "In all cases," he says, "digestion occurred as perfectly in the artificial as in the natural digestions."

Dr. John W. Draper, Professor of Chemistry, in the Medical College of the University of New York, in his "Text Book of Chemistry," page 386, says, "It has been a question whether or not artificial digestion could be performed—but it is now universally admitted that it may be."

Dr. Carpenter's standard work on Physiology, which is in the library of every Physician, and is used as a Text Book in all the Colleges, is full of evidence similar to the above, respecting the remarkable Digestive power of Pepsin and the fact that it may be readily separated from the stomach of the calf or ox, and used for experiments in Artificial Digestion, or as a remedy for diseases of the Stomach, and deficient secretion of Gastric Juice.

All modern works on Chemistry, Materia Medica, and Physiology, and all of the Medical Dictionaries, describe the character and properties of Pepsin, and state many interesting details respecting it.

The fact that an Artificial Digestive Fluid, or Gastric Juice, perfectly resembling the natural fluid, may be readily prepared, does not admit of question. The only wonder is, that it has not before been applied to the cure of Indigestion and Dyspepsia—so naturally does such a use suggest itself to the mind.

AS A DYSPEPSIA CURER.

Dr. Houghton's PEPSIN has produced the most marvellous effects, in curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption. It is impossible to give the details of cases in the limits of this advertisement; but authenticated certificates have been given of more than Two Hundred Remarkable Cures, in Philadelphia, New York, and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful but permanent.

It is a great Nervous Antidote, and particularly useful for tendency to Billious disorder, Liver complaint, Fever and Ague, or badly treated Fever and Ague, and the evil effects of Quinine, Mercury, and other drugs upon the Digestive Organs, after a long sickness. Also, for excess in eating, and the too free use of ardent spirits. It almost reconciles Health with Intemperance.

OLD STOMACH COMPLAINTS.

There is no form of Old Stomach Complaints which it does not seem to reach and remove at once. No matter how bad they may be, it gives instant Relief! We would respectfully call the attention of our many friends, and the public generally, to an instrument we have recently imported from Paris, called a

"Conformateur."

from which the above cut was taken. By it we can take the exact shape, and unerringly fit the most irregular heads. Many can testify to the inconvenience, and annoyance, and actual pain they are subjected to, in breaking in Hats that would not fit them. By this ingenious contrivance, the very great annoyance is done away; as the Hats are made to fit perfectly the first time.

Another great advantage is, by keeping a copy of the impression, we can at all times fit customers from all parts of the country.

We invite all who desire a perfect fit in a Hat, to call and leave an impression of their head, and all those who take pleasure in witnessing the inventions of the ingenious, to call and see the operations of this curious instrument.

Having adopted the CASH SYSTEM (which all will readily acknowledge to be the best,) we can sell a better Hat for $1.25; surpassing any $4 Hat sold in this city. Our Hats are all manufactured by ourselves, and in offering them to our customers, we do so, with the confident assurance, they are all we recommend them to be. We invite all who do not wish to pay two profits upon a Hat, and are willing to save 25 per cent, to call and see us.
